

2006-2007

Dear parents,

I am excited to get to know your 5th and 6th grade students this year as we study math and science. I wanted to clarify the supplies that will be needed for 5th math, science, and for 6th science.

Materials as follows;

#### 5th Math

##### In class materials:

a pocket folder labeled math  
homework  
binder paper  
TI34II calculator  
pencils

colored pencil or pen for checking  
highlighter  
zippered pouch to hold all loose  
items

##### At home materials:

all of the above  
ruler (English and metric)  
box to hold graded work  
EXTRA lined paper

*In years past, parents have been able to purchase calculators through Shellee.*

#### 5th & 6th Science

- \* a pocket folder labeled Science Homework
- \* Loose leaf paper - lined or college ruled
- \* Graph paper - 1-2 pads should be enough for the year.
- \* Pen and/or pencils, your preference - no pastel or metallic colored pens, please.
- \* 3' x 5' cards for making flash cards to study for tests. Feel free to make your own if you would like.

I hope that this will help get you ready for a successful start to the school year.

Thank you,  
Dan Rose
