

5<sup>th</sup> Grade Utah Core Math & Science 2006-2007  
Course & Disclosure Statement

*Hello, I am Dan Rose. The following is key information that you will need to be successful in our classroom. Should any of the information be unclear ask me and I'll explain it to you personally.*

<b>Instructor</b>	Dan Rose	<a href="mailto:danr@saltlakeartsadademy.org">danr@saltlakeartsadademy.org</a>
<b>Class Dates:</b>		August 28, 2007 – June 5, 2008
<b>Office Hours:</b>	If you need to meet for any reason please call the school and we'll schedule a time. I will be available for drop ins before school from 8:00 – 8:30 a.m., and after school from 3:30 – 3:45 p.m. These can be busy times so please call ahead.	

**Course Description:**

- The courses are designed to give you experience in the Utah State Science & Math Standards. They are hands-on courses, supplemented by unit readings and course lecture. Both Math and Science require a willingness to learn and experiment with new ideas.
- I am very excited to be able to tell you that 5<sup>th</sup> grade students will be doing field research in Jackson, Wyoming this May as part of the **Teton Science School** program. Students will be living in dormitory-style buildings or in rustic cabins and spending their days doing geologic exploration and habitat field research. We will be fund raising to make this available to all 5<sup>th</sup> grade students, if you are interested in making a donation contact Amy or Daphne.  
([http://www.tetonscience.org/ed\\_school\\_youth.shtml](http://www.tetonscience.org/ed_school_youth.shtml))

**Expectations**

- Personal electronic devices (cell phones, iPods, CD players, games, etc.) are not allowed to be used in the room and will be confiscated if and when I see them and given to the office for your parents to retrieve.
- Hats are not to be worn in class, they will be taken and put in a box until June after 1 warning.
- Take care of "personal business" - restroom, pencil sharpening, passing notes - BEFORE you arrive promptly in class.
- Drinks – you may bring non-flavored water in a bottle to class. No other beverages will be allowed.
- Food, gum, or snacks – NEVER in a Science room, unless I give them to you. You never know WHAT was on the tables the hour before!
- Keep your assignments and tests - I do my best, but things can get lost and it is easier for you to show me your work rather than redoing it.
- Do make up work promptly - easier on you, easier on me.

-----

**Parents**, please read through these rules and expectations, and have your student explain anything that is unclear to you.

Please feel free to contact me about any problems or questions that you may have at any time. I encourage your involvement and you are welcome to observe and participate in class if you wish. Please keep this section with my contact information:

Dan Rose      School: 531-1173 --- SLAA main phone - extension 205  
Science      Best time to reach me: 7:40-8:30 a.m.  
Email: [danr@saltlakeartsacademy.org](mailto:danr@saltlakeartsacademy.org)

Please sign and return the following 1/2 page.

---

I have read and agree with the rules of behavior and expectations found in Mr. Rose's disclosure. By signing this agreement, I have decided to take personal responsibility for my assignments, homework, and projects. If at any time I am unclear of Mr. Rose's expectations I will ask him during or after class. I am willing to learn and have fun!
